

MY SWEET REVENGE

Black and White - Closed Set

THE YEAR 2010

INT. POOL ROOM - DAY

Jack was slouched over the glass table, his right hand held a half bottle of gin, on the table was a hand gun. He looked up at Paige; his partners eldest daughter who was standing on top of the pool ladder with her feet in the water, he took a swig from the bottle.

JACK (DRUNK)

I thought I told you not to stand
on the ladder, why don't you ever
listen to me?

Paige at first ignored him before kicking the water over the side of the pool as she knew it would annoy him, before turning towards Jack.

YOUNG PAIGE

(forceful)

I will tell you why, because your
not my father, and you can't tell
me what to do.

JACK

(Drunk)

True, but it doesn't stop me
telling you what you are, your a
very opinionated little bitch. And
personally I have never liked
opinionated people, they just seem
to get in the way, and I don't like
people getting in my way, including
those that are pint sized, don't
think I don't know it was you that
disabled my car when I urgently
needed it for a very important
meeting, a meeting in the end that
cost me a shit load of money, and
that's because of you, miss
opinionated.(as he took another
drink)

Paige's younger sister Neve was sitting on the edge of the hot tub, stroking the hot water with her right hand. Watching Jack and Paige argue, before repeating what her sister had said.

YOUNG NEVE

Yeah; your not our dad, we will
tell our mum.

JACK

(Drunk)

You will tell your mum, what do you
think mummy will do, now let me
tell you what mummy would do. Mummy
would do, nothing, in fact she
needs me more than you think, who
do you think pays for all this, for
your food, your clothes, all the
crap that two wining little brats
like you two need, just listen,
getting involved in my business,
will lead you down a very dangerous
path, and trust me you don't want
to go down that path, to a place
where you are likely to get hurt.

YOUNG PAIGE

(sarcastic)

Your such a dickhead (Neve Laughs)
were not scared of you, Look, your
drunk, your always drunk, don't you
no what that stuff will do to your
brain. I could never understand how
mum could trust you with us, what
was she thinking, even getting
involved with the likes of you, if
our real dad was.....

JACK

(Drunk)

....Was here, you dad worked for me
remember, it wasn't my fault your
old man got himself killed, he got
greedy, and greedy is not good
especially when it interferes into
my business.

YOUNG PAIGE

(Angy)

Don't speak of our dad like that.
You will never be the man he was,
and don't think you could ever
replace him, because you can't.

YOUNG NEVE

(Sad)

No you can't. I wish daddy was
still here.

YOUNG PAIGE

(Sad)

So do I Neve.

Jack picked up the gun and pointed it towards Paige

JACK

(Drunk)

Did you know, both of you are such
a fucking pain to me, maybe its
time you both made a visit to your
father.

Jack turns the gun towards Neve. Frightened Neve slips
backwards into the hot tub.

JACK (CONT'D)

(Drunk)

Baby sister first.

YOUNG PAIGE

(Screamed)

PIXIEEEEEEE

Jack takes a shot missing the hot tub, he spins and takes a
second shot at Paige, sending her into the pool. He picked up
the bottle of gin. Took a swig from the bottle while moving
to the pools edge. Neve crying and in shock crawled from the
hot tub and towards the pool rooms front cover. Jack saw what
she was doing.

JACK

(Drunk, Angry)

Oh no you don't.

EXT. POOL ROOM - CONTINUOUS

Half way out Neve felt Jack grabbed her legs and try to pull
her back, Neve struggled, kicking and screaming, eventually
Jack let go, Neve tears rolling down her frightened face
broke free and ran towards the house.

FADE TO BLACK.

EXT. PARK - AFTERNOON

It was a nice sunny afternoon as Neve, dressed in a T-shirt and jeans walked through the park, the fresh cut grass felt soft on her shoeless feet. She came across her favourite tree, sitting down she leaned up against its strong trunk. Opening her bag she removed a paperback copy of Little Women and a can of her favourite drink. This was heaven for her escaping from everyday life, sipping from the can she started to read, transporting her back to a time that was a lot easy and no social media.

As Neve turned the page a dark shadow came across her, slowly she lowered the book, standing there was a girl about her age, looking straight down on her.

MAY
(Joyful)

Hi

Neve completely lowered the book and looked straight at the stranger.

NEVE
(Confused)
Hello

MAY
Hi' I'm May, what you reading.

Neve closed the book so May could see the front cover.

MAY (CONT'D)
I like to read, can't say I have
ever read that book, is it any
good.

NEVE
It's may favourite, I have read it
a dozen times.

MAY

Doesn't that get a bit boring, just reading the same book over and over again, Personally I prefer American comics myself, like DC, you know Batman, Joker, my real favourite is Watchman, but I don't really know why.

NEVE

Comics. Aren't they for little kids. I can't say I have ever read any DC, come to think about it, I can't say I have ever read a comic.

MAY

Really, wow that's sad, you are really missing out.

NEVE

I'm OK with classic literature, thank you, less violence.

(pause) Oh by the way my name is Neve, Hope you don't mind me saying, but do you always randomly just talk to strangers.

MAY

Oh yeah, sorry, that's my problem. I just like to talk, hope you don't mind.

NEVE

No that's fine, so I take it that you are new to the area?

MAY

Yep me just me and dad, we moved here about a week ago, we used to live up north, in Yorkshire, bloody cold, especially in the winter, snow everywhere.

NEVE

We don't even get snow here.

MAY

(shocked)

No snow, not even in the winter.

NEVE

Nope

MAY

Wow that sucks.

NEVE

I don't mind, I've never liked the cold. So is it just you and you dad then?

MAY

Yes, I guess I had a mum, otherwise I would not be here, but I have no idea who she is and where she went, I've tried asking, but dad won't say, he says I'm too young to know.

NEVE

I'm the same, just opposite, dad died, so it's just me and mum.

MAY

Oh, that really sucks.

NEVE

Don't worry, you didn't know. Do you have any brothers or sisters.

MAY

I read some paperwork that said I have a sister, so I guess she is either been adopted or somewhere with mum.

NEVE

(Sad)

I had a sister, but she died.

MAY

Fuck, that must have been hard.

NEVE

It was, she was murdered.

A sudden silence came over both of them, until Neve broke the silence.

NEVE (CONT'D)

Maybe your dad would like to meet my mum.

MAY

That would make an interesting meeting.

NEVE

Why do you say that?

MAY

Oh, no reason (pause) Look I've taken up too much of your time, you must want to get back to your book and I have work at home to do, so I better be getting off.

May stood up

MAY (CONT'D)

Maybe we could meet up again.

NEVE

I would like that, I go to the beach a lot, maybe we can meet up down there, I generally stay near the clock tower.

MAY

That sounds like a plan, I will look out for you.

May started to walk off before stopping and turning back towards Neve.

MAY (CONT'D)

Oh and by the way I think you would make a great fifth member of the March family.

May turned and moved off as Neve looked at the front of her book as a big smile came over her face.

INT. LOUNGE - LATER

Later that evening Neve and her mother Chelsea, were watching House of Games while eating there evening meal from trays.

NEVE

Today I met a new friend.

CHELSEA

Oh yeah, another girl, or possibly a boy (dreamily).

NEVE

Another girl, she just came up to me in the park, and started talking, her name was May.

Chelsea thought for a moment before answering.

CHELSEA
(Surprised)
May

NEVE
Yes May, are you thinking what I'm
thinking.

Chelsea thought before answering.

CHELSEA
Are you going to meet her again?

NEVE
I don't know, I did say I was going
to the beach tomorrow, she may turn
up. She seems genuine.

CHELSEA
How long has she been in the area?

NEVE
Just got here; says she comes from
up north, Yorkshire, lives with
her father, and there's no lady in
the frame.

Neve raised her eyebrows twice towards her mother.

CHELSEA
Don't get any ideas, I'm done with
relationships, remember' men, they
can't be trusted.

NEVE
I'm sure but boys are not top of my
priority list, well not yet; I have
my ballet career first to think of.

CHELSEA
Are the dreams of Covent garden.

NEVE
You wait I will get there one day,
then Moscow and finally the world.

CHELSEA
Moscow, you better start taking
Russian lesson's. But I'm sure you
will get there darling.

(MORE)

CHELSEA (CONT'D)

I have never seen anyone with so much determination as you, I always wonder where you got it from.

NEVE

What the ballet or determination?

CHELSEA

Both, It probably came from your father.

NEVE

Ballet and dad.

CHELSEA

Yes, your dad was a great dancer, maybe not ballet, but he knew how to sweep a woman off her feet, especially with his John Travolta.

NEVE

(Puzzled)

John Travolta, who is he?

CHELSEA

What, we really need to educate your knowledge of 70's musicals, Saturday Night Fever or Grease.

NEVE

Oh I've heard of them, but never seen them.

CHELSEA

Later tonight we will enhance your education.

NEVE

That's cool, I'm going to take a shower if that's ok.

CHELSEA

Yes, but don't stay in there long, and no trimming.

NEVE

Mother, as if I would. Ten minutes.

CHELSEA

Five

NEVE

Seven

CHELSEA

Done

Neve carrying her dinner tray left the room, Chelsea looked across at the picture of Harry that was on the side.

CHELSEA (CONT'D)

Oh Harry, I wish you were still here, I'm not sure I'm doing a very good job with Bunny.

INT. NEVE BEDROOM - LATER

Neve was sitting on her bed, looking through an old photo album. Carrying a mug of tea, Chelsea entered, put the tea on the side and sat down next to her daughter.

NEVE

Thanks

CHELSEA

What are you looking at.

Neve turned the album towards her mother.

CHELSEA (CONT'D)

Arrah those pictures, you two were such beautiful children, a little naughty at times, but beautiful.

NEVE

Naughty, who was worse?

CHELSEA

That's easy, definitely Paige, she was a ring leader and had a lot of Harry in her, they always say the second child is normally the worse one, but thankfully you were generally very good, but you had your moments.

NEVE

What was the naughtiest thing we did.

CHELSEA

I would not say it was naughty, but the funniest thing you both did, was when I was working in the office, and Paige asked if the two of you could go on the treadmill, all I said was yes, but no loose clothing for safety, I didn't want anything caught on any of the moving parts. I went back to work, heard the treadmill start followed by a lot of giggling, can you imagine to my surprise when I turned round to find my nine and ten year-old who had taken the loose clothing to a whole new level, by running of the treadmill having removed ever item of their clothing, and I mean everything. But to be fair it was funny.

NEVE

But I bet you didn't know, that it was my idea.

CHELSEA

Oh I did know, as you were always the one wearing the lest amount clothing as you could, something I must say seems to have continued till now.

Neve just smiled and ran her finger over one of the pictures of Paige.

NEVE

I really miss Paige May.

This started Neve's tears flowing.

NEVE (CONT'D)

(sobbing)

Why did she have to die.

CHELSEA

I know it was a tragic accident.

NEVE

(angry)

No, she was murdered, by that bastard.

CHELSEA

Neve I'm sorry we can't say that, remember there was an investigation he was cleared of murder, they said it was a freak accident.

NEVE

Freak accident, he shot at me first.

CHELSEA

But the enquiry said you were in the hot tub, and could not see what had happened, and they could not find any traces of a gun shot around that area.

NEVE

Why do you keep defending him?

CHELSEA

Believe me I'm not, I despise the man as much as you do, but he did help after H died, and after your sister was removed from the water he had her transferred to a very special unit in Rome. It was unfortunate they could not save her life, believe me they tried.

NEVE

It still pisses me off we never got to go to her funeral.

CHELSEA

I know darling and when I have saved enough money we will go to Rome I promise and spend some time with her.

NEVE

Why didn't Jack come back, don't get me wrong I'm glad he didn't, but not even to you.

CHELSEA

I told him I never wanted to see him again, we moved here to start a new life, somewhere where he could not find us.

NEVE

But what about you, I want something for you.

CHELSEA

I have something darling, I have you, well at least till you get older and start your own family, then maybe one day hopefully you will give me a grand child.

Neve wiped the tears from her face and a smile broke out.

NEVE

At least not until I have been on that stage at the Royal Covent Garden.

CHELSEA

You never know you might meet a nice male ballet dancer, I've seen the pictures, those very tight tights.

NEVE

Mum, there all socks.

CHELSEA

Oh how disappointing.

The two burst out laughing and hugged each other.

FADE TO BLACK.

EXT. BEACH - THE NEXT DAY

Neve was sitting upright on her towel, the sun was bright in the day sky with a light breeze, as she turned the page on her book, something caught her eye walking towards her, she lowered her sun glasses to the edge of her nose, so she could see better over the top, walking up the beach was May, May stopped and looked down at Neve.

MAY

Hi, do you mind

Said May pointing to the space next to Neve.

NEVE

No, please

MAY

Thanks,

May removed her towel from her bag, and laid it next to where Neve sat up.

MAY (CONT'D)

It's certainly hot today, how long have you been here?

NEVE

About half an hour

MAY

Not been swimming yet?

NEVE

I don't go in the sea, well not here, especially with all the raw sewage the water company tends to ditch into the sea, you never know what you might be swimming in.

MAY

Well that doesn't sound like fun, changing the subject, what about boys, any good looking rip ones around, we can chat up. I did see a couple when I was walking up the beach, just sitting down there.

May Points, Neve looks in that direction

NEVE

Oh no, not those two, trust me you don't want to get involved, they are only after one thing and its not a girlfriend. Trust me boys like that spend far too much time searching the internet, and thinking with their dicks, and have no respect for us girls, and they say their the best in the town.

MAY

A couple of little pricks then.

NEVE

Yes in more ways than you think.

Both girls looked at each other and laughed.

NEVE (CONT'D)

What were the boys up north like?

MAY

I guess much the same as here,
except up north they tend to be a
little bit more forward.

NEVE

What do you mean?

MAY

Well I get the impression down
south, boys are more reserved, up
North they will just come up to you
and ask if you want a shag.

NEVE

No, what do you say.

MAY

How much

NEVE

(Shocked)

What, you got paid.

MAY

Come on Neve, be serious, I'm
having a laugh with you.

Neve started to laugh

NEVE

(Shy)

So, have you done it?

MAY

Done what.

NEVE

You know, it.

MAY

Oh, it. Well let me tell you
something.

Neve sat up straighter, very excited.

MAY (CONT'D)

No, not really, things have
happened (talking down) but I don't
really want to talk about it.

There was silence between the two, Neve had touched a nerve
which May didn't want to go to.

MAY (CONT'D)

So what do you do around here for excitement?

NEVE

Hang out at the beach and dancing.

MAY

Dancing

NEVE

Ballet, I love ballet, I even have qualifications.

MAY

What you can get qualified in Ballet?

NEVE

Yep, I have my Grade 1 to 8, these help with understanding and technique, I then moved on to my ISTD grades, there are six of those. Now I'm just starting on the Intermediate Foundation at Intermediate level, then its the two advanced stages.

MAY

Wow, you must be good, where do you hope to end up?

NEVE

RAD

MAY

(Confused)

RAD?

NEVE

The Royal Academy of Dance, and my ultimate dream is to appear on the stage at Covent Garden in Swan Lake.

MAY

That's amazing to have such a talent, it must have taken years?

NEVE

No I didn't start till after.....

Neve stopped, her expression changed as she thought of her sister.

MAY

Oh, did I say something wrong.

NEVE

No, no no, I'm sorry, I was just thinking of my sister, it was mum's idea for me to start ballet, something to take my mind off Paige.

MAY

Paige, was that her name.

NEVE

Yes

MAY

That's a lovely name, What was she like.

A small smile came over Neve's face.

NEVE

She was fun, I always looked up to her, which normally meant I got into trouble, and we did some crazy things.

MAY

She seemed very nice.

NEVE

She was, she was the best, and I miss her every day.

No more words were spoken. After what seemed an age, May looked at her watch.

MAY

Oh No.

NEVE

What is it.

MAY

I have to go, I promised Dad, look I'm sorry, can we meet tomorrow, say at your tree, at eleven.

NEVE

(Worried)

Yes that's fine.

MAY

Great, I will see you there as I have something I need to discuss with you.

May picked up her towel.

NEVE

What do you want to talk to me about?

MAY

Tomorrow, I will tell you something that will blown your mind.

May moved off, then Neve just shouted to her.

NEVE

May

May stopped and turned round.

NEVE (CONT'D)

May I never told you this, Paige had a middle name, (pause) It was May, and in a strange way you remind me of her.

May smiled, turned and continued to walk away tears streaming down her face.

FADE TO BLACK.

EXT. PARK - THE NEXT DAY

It was another hot day, Neve was at her favourite tree, but rather than reading her book, she was dancing, practising her favourite ballet moves, spinning around the tree, her head in the air while she spun. What she didn't notice was that May had arrived, and was just watching her.

MAY

What are you doing?

While dancing Neve answered.

NEVE

What does it look like, I'm Dancing.

MAY

I can see that, but why are you dancing?

NEVE

I like to dance.

MAY

I know you told me that yesterday.

NEVE

Join me, come and dance.

MAY

I can't dance.

NEVE

Everybody can dance, just use your imagination and let your body flow, and feel the energy and let it take you into a world of your dreams.

Neve carried on dancing around the tree, Paige just watched before finally letting herself go and followed every one of Neve's moves.

NEVE (CONT'D)

See, I told you that you can dance.

MAY

You're so right, it feels good, so relaxing like I'm floating on air.

NEVE

You do remind me a little of Paige, she could dance, we loved to dance together. So you said you wanted to talk to me, what did you want to talk to me about.

MAY

The reason why I'm here.

NEVE

I don't understand, the reason why you are here.

MAY

I'm not here by chance Neve. In fact I'm here on purpose.

NEVE

I don't follow.

MAY

I'm here because I wanted, no I needed to meet you.

NEVE

Meet me, why, I don't know you, do I.

MAY

I may not have told you the full truth, I'm not really from Yorkshire, I have come here from Rome.

NEVE

Rome, what Rome in Italy.

May nodded.

NEVE (CONT'D)

Hang on, Paige is buried in Rome.

MAY

Look will you stop dancing.

Neve stopped. May took her time, took a deep breath.

MAY (CONT'D)

What I'm about to say, will be a major shock to you, Neve, I am your sister.

Neve stared at May, not saying a word that seemed like a lifetime.

NEVE

I'm sorry, what did you just say.

MAY

I'm you sister Neve, I'm Paige, Paige May.

NEVE

What is this some sort of fucked up Darth Vader, star wars thing, because seriously is not funny, my sister is dead, I saw her she shot right in front of me.

MAY

And I also thought you were dead, he shot at you first, right in front of me.

NEVE

No, no this cannot be true, my sister is dead, she is buried in, what do you mean you are from Rome. Fuck.

Neve fell to her knees.

MAY

Listen, I'm really sorry but as I said this meeting is not by chance. I've been planning this for months, to come here, to meet you. To tell you the real story of what happened.

Neve moved and sat by the tree, traumatized, tears forming in her eyes.

NEVE

Ok, go on.

MAY

You will have to be patient with me, after I woke in Italy, I was told I had been in hospital for a month; I had no memory, I was told I had been in a serious car crash that had killed my mother, Jackie. My father James had come out of the crash with next to no injuries, after a month in hospital I was moved to my father's home in Rome, I still could not remember anything, so my father filled my head with all these lies, I guess he was giving me a back story. I went to an English school in Rome, and at weekends we would visit my alleged mother's grave in a nearby cemetery. My father's work was a mystery to me, he was obviously very wealthy but was elusive to what sort of work he did, all I could remember were lots of well dressed people visiting, men and women of all nationalities.

(MORE)

MAY (CONT'D)

The first time I started to become suspicious was just before my thirteenth birthday, I had been out riding all day and after was taking a relaxing bath, my father came in with three men all well dressed, I was made to stand with my hands by my side, after a couple of minutes they all left in silence. Later that night I heard my father discussing me with the three men. Two days later my childhood would be over.

Neve was transfixed, shaking her head, unable to believe what was being said.

MAY (CONT'D)

I needed to find out more, so one night my father was out and it didn't take me long to find information of transactions, these from Columbia, all I can guess was they were for hard drugs, also details of bank accounts that ran into millions of Euro's. Apart from the hard drugs there were allegations of prostitution, child smuggling and gun running. Over the next couple of years I gathered lots of evidence on my father's behaviour. But it was during one of these last searches that I found some thing that really got me thinking, a newspaper article from England, about a family who had gone through a tragedy, there youngest daughter who they named as Girl N had been shot at by the mothers partner, before he turned the gun on the eldest child hitting her in the head. The report continues indicating the child was flown to Italy for emergency treatment. The article finished with the case of Jack Dawson who was never charged as the incident was put down as accidental, at the bottom of the page was a picture of Jack Dawson, my father.

NEVE

Fuck

MAY

That's what I thought, what I did next was check all my hospital records I found a file, in that I was named May, but nothing that said Paige. After this I checked for deaths in Rome with the name of a young girl, nothing. So I turned my attention onto you, I found out you were a year younger than me, your name was Neve, you live with your mother Chelsea and had moved to a new house by the coast in the south of England. I also found out that your house was fully paid for from an account in Italy. It was why I was looking into you and your mother, that bits of my memory started to come back. So I knew I had to meet you, to help further my understanding of who I was, so I hatch a plan to get my father, wow I hate calling him that, to move back to England So I could further my education, so here I am.

NEVE

Is there anything you have remembered that my have featured us both, something only we would no.

MAY

There is one thing, I'm not sure if it happened or I have made it up, but I remember a bowl, petrol can, and stopping Jack's car.

MAY (CONT'D)

Wow I remember that, the car didn't start he was livid.

NEVE

Yes he was. Paige I can't believe it, I can't believe its you, its really, really you, your all grown up.

MAY

And so are you, I always new you would turn out to be beautiful and you are so beautiful.

NEVE

Mum, we have to tell mum...

MAY

NO.....

NEVE

No, why not, she has to know, she will be so happy.

MAY

She will know, but not yet, remember when I said, I needed to find you.

Neve nodded

MAY (CONT'D)

Well finding and telling you was only part of the plan.

Neve looked intrigued

NEVE

Go on

MAY

Jack, Jack is a drug lord

NEVE

(Confused)

Jack is a fucking what

MAY

Drug lord, you know someone at the head of a chain of people exporting drugs around the world, this is what he did in Italy, he is head of one of the biggest cartels in Europe.

NEVE

You mean mafia

MAY

Yes I mean mafia.
Not only the import and export of drugs he is also into people smuggling, including children, prostitution, oh and he like killing people.

NEVE

Are you sure of all this?

MAY

(Upset)

I was there, in the middle of it all, I've seen it with my own eyes, do you remember we were talking about boys and you asked me if I have ever done it, well at thirteen, I was taken to one of his client parties, and trust me you don't want to know what I had to do.

Neve looked shocked

MAY (CONT'D)

Neve I really need your help, I have to bring this bastard down, our own father, was caught up in it, he met Jack in a pub when we were living in Battersea, Dad needed money, Jack had a plan for Dad to make money, only problem Dad didn't know it was for drugs, when he found out he told Jack he didn't want anything to do with it, that he had a young family and wanted out, but dad knew too much, and Jack didn't take it well. He had dad killed, he then moved in with Mum, after playing on her emotions, I'm pretty sure Jack's plans were to have us killed too.

NEVE

How do you know all this.

MAY

Remember when I said I was made to go to these parties, it was at one of those parties I was told by a client of Jack's, that he had killed a guy in Battersea, and was supposed to kill his two children the same night, but I guess he grew a conscience.

NEVE

Scumbag

NEVE (CONT'D)

So, what do you have in mind

MAY

I want to bring him down and his whole fucking empire.

NEVE

And how do you suppose the two of us can do that.

MAY

What's the one thing rich people like more than anything else.

NEVE

Money

MAY

Money, and there is no better way of getting your own back, by turning a very rich person, into a very poor one.

NEVE

And how do you purpose to do that.

MAY

I have all the details of all of his bank accounts from around the world, all we have to do is cypher the funds into another account, an account I hold and untraceable. I have the know how, all I need is a laptop. I can't use mine as Jack has it tracked.

NEVE

That's not a problem, we can use my laptop, but then what.

MAY

Once we have transferred all the funds, we will go and confront him, tell him we are taking over the family business, then.. We will kill the bastard.

NEVE

And if he get's to us first.

MAY

We will just kill him, then take the money.

NEVE

I've never hurt anyone, how am I suppose to kill someone. If it goes wrong we will go to jail for life.

MAY

I'm not asking you to, that is my part of the job, and believe me I will take a lot of pleasure in doing it. Your job is only to transfer the funds, if it goes wrong you and mum will become very rich.

NEVE

I'm not sure Paige.

MAY

Neve, this is the only chance we will ever have of getting rid of him, were in England, he has nobody here, he is on his own, we can finally get justice for Dad and give mum back the control, and finally get him out of our lives.

Neve looked down and she spoke with a serious voice.

NEVE

So; when do you intend to do all this.

MAY

That's my only problem, we are leaving and heading back to Rome on Monday, so it has to be this weekend.

NEVE

Wow, OK.

MAY

Can you meet me tomorrow at this address (hands note to Neve) this is where we are staying, there is a cabin in the garden, I will meet you in there.

NEVE

What about Jack

MAY

He has a meeting at ten in a local hotel, that should give us at least an hour, before he returns.

NEVE

OK, I will grab the laptop and meet at 10:15.

MAY

When he has left, I will leave a ladder over the gate, if the ladder is not there, wait in the nearby woods, as soon as he is out of the way; I will put the ladder out, this will take you round the back of the cabin. If I can't I will get a message to you.

NEVE

You could text me.

MAY

I can't, he won't let me have a mobile.

NEVE

OK, I will work something out.

MAY

Are you sure you are going to be OK with all this.

NEVE

Of course, this man took our father, he hooked up with our mother for his own gain, and tried to kill both of us. We need to deal with him, but maybe we could mane him first, maybe take a limb or two off.

MAY

Wow that is getting dark, but funny.

NEVE

Looks like my sister is rubbing off on me again.

EXT. HALLWAY - EVENING

Chelsea had heard the shower start, so made her way to the locked door.

CHELSEA
Is that you honey?

NEVE
(v/o)
Yes mum, who else would it be.

CHELSEA
Fair point, I didn't know you were home, normally you would come in and see me first.

NEVE
(v/o)
Sorry, I just needed to take a shower, its hot out there.

CHELSEA
That's OK, just making sure you're fine.

NEVE
(v/o)
Yes mum, I'm fine, I will be down when I'm done.

CHELSEA
Ok, I'm putting dinner on.

NEVE
(v/o)
Cool.

Chelsea turned and walked back past Neve's bedroom, noticing the laptop was open and switched on, she went into the room.

INT. NEVE BEDROOM - CONTINUOUS

Chelsea lifted the lid fully, on the screen were directions to a place in the village, after she had taken in that information, she closed the lid back to the position she had found it. Next to the laptop was a piece of paper, Chelsea read the address, it was the noise of the shower stopping, that made her replace the note where she had found it and leave the bedroom.

EXT. PATH AND GATE - THE NEXT DAY

Neve had arrived at 10:15 as requested by May at the place on the note, the ladder was in place, she climbed over the gate round the back of the cabin until she found the door, inside she could see May pacing up and down, laid on the floor was various paperwork. She opened the door, May stopped pacing.

INT. CABIN - CONTINUOUS

MAY

Great you are here, we haven't got long, did you bring the laptop?

Neve lifted up the bag.

MAY (CONT'D)

Brill, set it up over there and plug it in here.

NEVE

I was worried, there is a car in the driveway.

MAY

Yes he surprised me and walked, which leaves us with another problem, as I don't know when he will be back. Switch it on.

NEVE

I have, Its not very quick.

MAY

That's fine, here is the password for the Wi-Fi.

May handed Neve a card, she took it and filed in the details.

MAY (CONT'D)

Now you need to type in the ip address, its a special portal on the dark web that will help us transfer the funds.

NEVE

Where are we going to transfer the money too, you can't just transfer millions of euros, to lets say the nationwide.

MAY

I know that, I have my own account, an account Jack knows nothing about that's also on the dark web, It already holds a substantial amount of money. Money that I have already syphoned.

NEVE

This is all well and good, but he will notice millions....

MAY

.....millions, no all of it, we are going to wipe him out completely, leave him with zero, he won't be able to afford a pot to piss in when we have finished.

NEVE

Yes but, what about Jack, what do you think he will do, he will notice its all gone.

MAY

You leave that be to me, this man shot me, made me lose my sister and mother, he abused me, he got me to do things not even an adult would do, there is only one place this piece of crap is going, Italy, into that fake grave he made for my fake mother.

NEVE

How the fuck are you going to do that.

MAY

You don't need to ask, its all been arranged back in Italy.

NEVE

You've been planning this all along, but with who.

MAY

You don't need to know, in time, I promise to tell you everything. How are we doing with the transfer.

NEVE

Seventy-five percent complete. But
what are you going to do with Jack.

Neve pulled out a hand gun and a knife.

NEVE (CONT'D)

Your going to shoot him, but the
noise.

May took out a silencer and attached it to the gun.

NEVE (CONT'D)

Ok, but the knife

MAY

I need that for my new earrings.

NEVE

(Confused)
Earrings.

MAY

I will need someway of cutting off
his balls.

The realization of May's actions were finally starting to
show on a worried Neve's face.

MAY (CONT'D)

how's the transfer going.

NEVE

Ninety-five percent.

MAY

When its done, you can switch off
your laptop and put it away.

May went towards the door

NEVE

Where are you going.

MAY

To set up the next part of the
plan, my sweet revenge.

NEVE

Please, don't leave me here on my
own.

MAY

Trust me you will be fine, the next
time you see me, it will be all
over.

May disappeared from the cabin. Taking the gun and knife with her. Neve watched the laptop click down to zero, before switching it off and putting it back into the laptop bag. She sat on the floor, relieved this part of the operation was now complete.

INT. HALL - CONTINUOUS

May had entered the house and slowly walked around, not sure when Jack would return. She entered the lounge.

INT. CABIN - CONTINUOUS

Neve continued to sit on the floor, staring into space, still wondering what May was doing, should she stay here or go and look for her, then a small noise outside startled her, she looked to the glass door and standing there was Jack, the door slowly opened, Neve's eyes widened and fixed on Jack, the pain and panic written all over her face as she started to move slowly backwards as Jack entered.

JACK

Well, well, well who have we here,
you look remarkably like someone I
once knew, let me think, maybe five
years ago, but what are you here,
and (Angy) INSIDE MY FUCKING CABIN.
Oh wait, It's that May, isn't it.
May or I should call her Paige.

NEVE

Please don't hurt me

JACK

FUCK, that's why she wanted to come
to this, this place, to try and
find her baby sister, tell me Neve
have you been in contact with her.

NEVE

No sir

JACK

Strange; I don't believe you, if you hadn't seen her, how would you have known about this place, so why are you here. Well, answer me, oh and where is my daughter now.

This remark angered Neve her demeanour changed.

NEVE

(Angry)

Your daughter, she is not your daughter. You shot her, we thought she was dead, you lied saying she died in Italy, I know the truth about you and all your antics, and when I get out of here, I'm going straight to the police and you will be going away for a very long time.

JACK

Straight to the police, well let me tell you young lady, there are two things wrong with the last part of your statement, number one the police in the UK will do nothing, the only crime I can see that has been committed, is one of breaking and entry, I can't see Paige anywhere, so you must be working on your own and have broken into my home, probably to steal things. Number two, what makes you think you are going to get out of this alive.

Jack pulls a gun from behind and places it into Neve's forehead.

JACK (CONT'D)

As you now know, Paige never died so there is still an empty grave in Italy, how ironic it will soon have a body in it, or maybe your sister can join you, as you already know I have the means to get bodies out of this country. So you really want to take me on, or maybe you are in it with Paige, I knew I should not have stopped reading all of her correspondence (he cocked the gun) Where is she Neve, where the fuck is Paige. I bet she is here somewhere.

(MORE)

JACK (CONT'D)
Now you stay here' like a good
little girl, and I will come back
and deal with you after I have delt
your sister.

Jack then swiped the butt of the gun around Neve's head
sending her unconscious to the floor. Jack left.

EXT. GATE - CONTINUOUS

Chelsea, quietly started to climb the ladder and over the
gate.

INT. HALL - CONTINUOUS

Slowly Jack moved around the house, first off down the hall,
gun out in front of him, checking as he walked.

INT. LOUNGE - CONTINUOUS

Paige was behind the door, her heart rate was getting faster
by the second as she could hear him approaching, she place
the gun on the floor behind her and took out the knife,
slowly she raised herself up to her full height. And waited.

INT. CABIN - CONTINUOUS

Neve lay on the floor, blood running from her head, when
Chelsea entered the room.

CHELSEA
Oh Neve

Chelsea ran over to her, put her head into her lap took out
some tissues and cleaned the wound.

CHELSEA (CONT'D)
Neve, what has happened.

Slowly Neve's eyes opened, she could not believe it was her
mother.

NEVE
Mum, Paige

CHELSEA
Paige what do you mean Paige

NEVE

She is in danger, I have to help her.

CHELSEA

What are you talking about.

NEVE

Paige, Paige is alive, she in the house, with Jack.

CHELSEA

With Jack
Neve, What are you talking about, who hit you.

NEVE

Jack did, they are both here, mum, Paige never died the whole thing was...

CHELSEA

...was what

NEVE

It doesn't matter now, we have to help Paige she is in great danger, if we don't help her she really will be dead. Jack's looking for her.

CHELSEA

If you can walk, get out and get help, I will go after Paige.

NEVE

Mum be careful, they both have guns.

INT. HALL - CONTINUOUS

Jack continued down the hall, when he got to the lounge he stopped popped his head in and looked around, Paige behind the door holding the knife tight while trying to control her breathing. Jack moved on towards the bathroom, Paige realized this was her chance.

EXT. PATIO - CONTINUOUS

Chelsea had reached the patio door to the lounge, she could see, Paige behind the door, while Jack was peering in.

Chelsea felt for the handle as Jack moved on and Paige followed.

INT. HALL - CONTINUOUS

Paige came up behind Jack and in one movement she leapt onto his back, striking the knife into his left arm, Jack struggled trying to throw her off, the pain was intense, suddenly the knife fell to the floor as Paige also fell landing in front of Jack, with her back to the bathroom and Jack pointing the gun at her, slowly she tried to move backwards.

JACK

May what have you done to me,
considering everything I have done
for you.

MAY

Everything you have done for me,
you shot me remember, then you
pretended I was dead. My family new
nothing. You even had my father
killed.

JACK

How did you find out about that.

MAY

Paperwork, from your office, not
only that I know it all. I have
been working on it for years, all
your drugs, prostitution, including
me, what about the children you
smuggled, where are they now, were
they just for your sick clients to
feed on, your sick Jack, sick in
the head, I'm going to take you
down Jack and your whole fucking
family, your history Jack, their is
a new boss in town and it ain't
you.

JACK

May you know nothing, anyway it
doesn't matter, look at you, your
on the floor, look at me, I have a
gun, I nearly killed you five years
ago, but today your time is finally
up, and then I will finish of you
sister.

MAY
She's still alive then.

JACK
For now.

Jack's arm straightened, the gun pointed directly at May.

JACK (CONT'D)
Say hello to your father for me.

Two shots were fired in quick succession, Jack fell face down onto the ground, standing directly behind was Chelsea with May's gun in hand.

MAY
(Frightened and in tears)
Mum

Chelsea dropped the gun.

CHELSEA
Paige

Chelsea ran to her daughter, grasping and holding her tight. Tears were flowing

CHELSEA (CONT'D)
Oh Paige its you, its you, it really is you.

MAY
Neve

CHELSEA
She is fine, she's gone for help.

Just then Neve appeared and ran into the arms of her mother and sister.

FADE TO BLACK.

INT. LOUNGE - LATER

A few weeks later

Neve was on her laptop, Paige and Chelsea were on the sofa.

NEVE
Hey there is an article about Jack in the news.

CHELSEA

What does it say.

NEVE

British drug lord was found dead in a house in Burbington on sea last month, the police are investigating but have no leads and are putting it down to rival drug family feud from Italy, Dawson who lives in Italy is one of the last big drug lords. Further information on the families activates were anomalously left for the Italian police, including information on all the crimes Dawson was involved with, including all his financial affairs, which in a strange twist, millions of it had been transferred from the Dawson accounts, the police have no idea where this money has gone and fear it may never be found.

CHELSEA

Dam, that money would have come in useful.

Neve looked at Paige and gave her a smile and a wink, Neve smiled back.

PAIGE

You'll never know mum, you just never know.

Both Paige and Neve burst into laughter.
